

483-489 YW: Asheviere spends several years more or less locked up in a cage since Garard doesn't trust her due to her affinity for black magic.

489 YW winter: Asheviere sneaks into the court library and steals several books on magic. AA begins.

491-499 YW: Asheviere manipulates the political actors in Weldyn through a mix of magic and ordinary deception. She turns Maddock, the Horse Clans, and Tath against Garard. She is not successful in turning Haral, Delfador, or Prince Arand. A combination of her manipulation and Garard's bad behavior makes Eldred amenable to Asheviere's cause.

501 YW spring: Asheviere and Vardu observe as Garard and Eldred face the orcish horde at Abbez. Eldred enacts Asheviere's plan and slays his father. AA ends.

482 YW: Asheviere is married off to Garard II at the ripe old age of 14. Delfador is present.

491 YW spring: orcs continue the raid on Wesnoth's northern border. Garard goes and takes Asheviere with him. Asheviere sneaks out and meets Vardu at the end of a particularly ferocious battle.

496 YW winter: Asheviere meets Delfador for the first time. She has been purposely avoiding him before now.

500 YW spring: various orcish tribes march to war against Wesnoth

484 YW: It's terrible, but Prince Eldred is born.

491-499 YW: Vardu manipulates the orcish Chieftains of various clans as per Asheviere's orders and her own discretion. Clan Blackcrest is more or less wiped out. By 500 YW, Clan Whitefang and a few other clans are roused to action.

498 YW: Princess Li'sar is born.

488 YW spring: orcs and saurians push across the Great River. Act II begins.

482 YW spring: at Weldyn council, Garard pretends his project is going well. Methor and Delfador remember the prior year's disaster. Methor goes north with Delfador and ambassador Deoran to the Lintanir elves. They seek out Sylph Elende's visions with Kalenz's help. Delfador becomes a Red Mage. End of Act I.

496 YW: Delfador meets Asheviere prior to the Weldyn Council and fails to realize she is skilled with magic. At the council, Kalenz and Chantal bear news of mobilization among the orcs. Garard dismisses them. Delfador goes to investigate anyway. Act III begins.

492 YW: Delfador's forces are able to defeat Clan Blackcrest's chieftain and raze their encampment. Delfador returns a hero and becomes a Great Mage. Act II ends.

498 YW: Delfador encounters Iliah at the Swamp of Dread and learns to harness lightning in the process of scrying. He realizes the true threat comes from within Weldyn itself.

499 YW winter: Delfador returns to Wesnoth.

500 YW: Delfador drives off orcs at Glyn's forest.

481 YW: Delfador accompanies Methor north of the Great River to see how Garard's "expansion project" is going. It goes more poorly than expected and they are forced to escape. DE begins.

491 YW: Delfador discovers a drake leading the saurians. They duel and his fire proves superior. The awe from his troops makes him realize the Sylph's visions were real.

490 YW: after 2 years of back and forth fighting, Delfador takes matters into his own hands and tries to determine the nature of the new orc and saurian alliance. He ventures across the river with an elite force.

501 YW spring: Delfador fights his way free from the battle at Abbez. He and the survivors regroup and strike at Eldred before he can return to Weldyn. DE ends.

476 YW: Delfador passes the graduation exam on Alduin on his 5th try.
